COMMITMENT

Planning and design require a commitment to excellence. Robert A. Cochran has practiced exclusively in the healthcare field since 1968. He has worked locally, nationally, and internationally on a wide range of projects.

Robert A. Cochran will work with you to solve your needs. We believe that all organizations are different and that you have your own unique goals, objectives, and problems. We will work with you to provide an effective solution for your particular project.

Your project will get Robert Cochran's personal attention. He will directly work on your project and assemble the best team possible, including consultants. We will work with your team, in-house and consultants, to see that goals are met, schedules and budgets are adhered to, and success is achieved. Our commitment to you also includes research and quality control.

ROBERT A. COCHRAN, AIA, FACHA, PRINCIPAL
